

FY 2017 Cohort

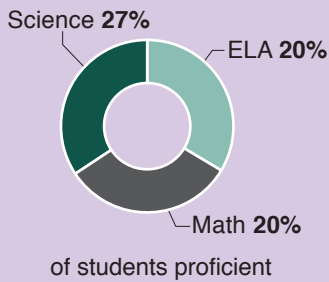

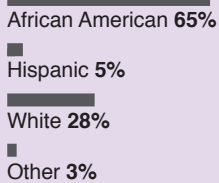

Florence County School District Three

Lake City, South Carolina

DISTRICT INFORMATION

Race/ethnicity

GRANTEE INFORMATION

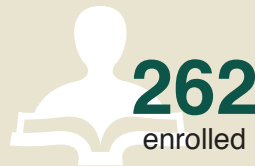

Project Overview

Florence County School District Three is converting an elementary school and a middle school from traditional programs to creative arts and science magnet programs. The Magnet Schools Assistance Program (MSAP)-funded schools expand student and parental choice while increasing diversity among student populations. The schools offer rigorous, engaging, hands-on learning environments that utilize problem-based learning to enable students to think critically and work collaboratively and to meet academic standards necessary for success in the 21st century.

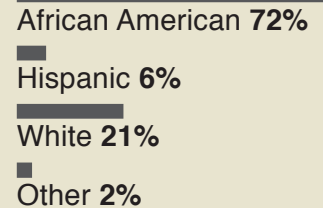

Grade 6

J. Paul Truluck Creative Arts and Science Magnet School

Magnet Theme
Creative arts and science
