## Project Overview

Lansing School District is establishing a partial magnet program in a traditional combination middle/high school, expanding a combination middle/high school's partial magnet program to a whole-school program, converting an elementary school and a middle school from traditional programs to whole-school magnet programs, and converting a middle school from a traditional program to a whole-school K-6 magnet program. The Magnet Schools Assistance Program (MSAP)-funded project creates multiple K-12 learning pathways that offer innovative, accelerated curricula; celebrate diversity and equity; promote increased academic achievement; and lead to student success in postsecondary education and careers.
