## GRANTEE INFORMATION

**4**  
schools served

**20** partner organizations

## Project Overview

Wake County Public School System is converting an elementary school from a traditional program to a magnet program and significantly revising the themes of two magnet elementary schools and a magnet high school. The Magnet Schools Assistance Program (MSAP)-funded project expands school choice, fosters shared responsibility with the school and community, and provides an academic and socio-emotional foundation for students from diverse populations to succeed. The MSAP schools offer hands-on learning that connects students to the community, the world, and one another. In addition, partnerships with North Carolina State University and other local universities provide invaluable resources and opportunities for students.
